Lifeloggging

Life as a video recording

Rollei **Lifelogging** Add Eye Cam

- Lifelogging calls itself a new form to document their own lives via video and photo - automatically and without interruption.
- Every 30 seconds, an image from a camera shot that we carry on our body and which stores our entire life on tape.
- The brand new Rollei **Add Eye Cam** is perfect for Lifelogging: This little cam ensures that everyone can conveniently create their own ultra-modern photo diary. With over 1000 images a day – just on 32GB memory card secure!

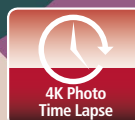

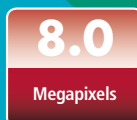

Rollei Add Eye Cam

- Scope of delivery: Rollei Add Eye Cam in black or white, clip mount, stand, tripod adapter, lanyard, mini-manual, warranty card + MAGIX Video easy SE (video editing software for Win)
